Dear Tami:

I am writing to seek approval for the purchase of a refurbished Zoll E Series Defibrillator from Zoll Medical Corporation in the amount of \$14,140. I have attached the quotation for the refurbished model, as well as a quote for a similarly equipped model that would cost significantly more if purchased new.

The original funding request for this unit, which is intended to increase our advanced life support (ALS) capabilities on our second flexible staffed ambulance, was going to be a combination of a Revolving Fund request and funds from our State of Wisconsin EMS Funding Assistance Program (Act 102) account. However, since the manufacturer has made this refurbished unit available at such a significant cost savings, it makes good fiscal sense to make the purchase now with available funds. The balance of the Act 102 account is currently \$27,512.16.

In addition to increasing our level of ALS capabilities, an additional benefit of this purchase is that we will have less reliance on a mutual aid paramedic unit for these calls which, in turn, means that the revenue generated from the treatment and transport of these patients is maintained by our City rather than the mutual aid community.

Thank you for your anticipated consideration of this request. Please feel free to contact me with any questions you may have.

Sincerely,

A handwritten signature in black ink that reads "Joseph Knitter".

Joseph Knitter
Acting Fire Chief
