RE: 17th AVENUE/PARKWAY DRIVE PAVEMENT REHABILITATION

On Thursday, June 21st and Friday June 22nd, the paving contractor, Black Diamond Group Inc., is scheduled to pave the final surface asphalt. Thursday's work will include base patching around manholes and surface paving of intersecting streets. On Friday, the main line (17th Ave./Parkway Dr.) will be paved.

Prior to paving on both days, wet oil (tack coat) will be applied. At the contractor's option, this may be done late Wednesday and Thursday night, so use caution when entering the area. Wet oil is not easily cleaned from vehicles, and will track onto concrete driveways. Driveway access during the paving work is possible, and the contractor will try to accommodate such needs, but parking on intersecting streets is the best option for Thursday and Friday.

Your patience with construction operations is appreciated. Please use alternate routes to 17th Avenue/Parkway Drive as much as possible during paving operations.

If you have questions or need additional information, please contact me at 414-762-2222 ext. 136, or by email: Vandercar@smwi.org.

Sincerely,

CITY OF SOUTH MILWAUKEE

Kyle Vandercar, P.E.
City Engineer
