RE: Lake Drive - Pavement Repairs  
Fairview Avenue – Pavement Repairs

The Common Council has authorized a contract with Payne & Dolan, Inc. to perform extensive asphalt patching on Lake Drive between College and Hawthorne, and patching on Fairview.

The work has been schedule for **Tuesday May 9<sup>th</sup> & Wednesday May 10<sup>th</sup>, 2017** depending on weather conditions. Fairview is scheduled for Tuesday, Lake Drive on Wednesday, but may extend a day depending on operations. The roads will be detoured onto cross streets with no street parking and delays to driveway access during daytime milling and paving operations, except for emergencies.

**Please schedule deliveries or appointments to avoid these days as much as possible.**  
**Park on intersecting streets if access is needed.**

Resurfacing of Hawthorne Avenue (Lake to east end) will also be completed with this contract scheduled for May 8<sup>th</sup> and 9<sup>th</sup>. For your information, Construction plans for Hawthorne Avenue from Lake Drive to Chicago Avenue are currently being prepared, and construction is anticipated later this year.

Your patience during the milling and patching is appreciated. If the above schedule changes, a door hanger flyer will be distributed.

Sincerely,

Kyle Vandercar, P.E.  
City Engineer
