

Community Input Needed to Define Needs and Shape Services for Milwaukee County Older Adults

Milwaukee County's population of older adults age 60+ is the largest in the state. Many rely on local communities for support. How will we serve the growing population effectively?

Community Survey: If you are unable to attend a Listening Session, please participate by completing a brief survey online. To receive a paper survey by mail please call (414) 488-6500.

Thank You... Your Input Matters!

Eras Senior Network, a community based nonprofit organization, is providing interim support services to the Neighborhood Outreach Program (NOP) in Milwaukee County. The Board of Directors of Eras thanks all community stakeholders for their input as we work together to define and serve the needs of all older adults in Milwaukee and Waukesha Counties.
